

## COMPLAINTS POLICY

---

### PURPOSE

The Male Aotearoa ('MSA') Complaints Policy ('Policy') provides a guideline for the public, and users of MSA Member Organisation ('MMO') services as well as peer-workers (both employees and volunteers), trustees and advisors working for the national organisation or an MMO.

The purpose of the Policy is to ensure that any complaint made by a member of the public or any user of an MMO service ('client'), in relation to their public or personal interaction with MSA, an MMO or any of their employees or volunteers is properly managed.

This policy defines what we believe constitutes a complaint, the principles that we will apply in dealing with complaints, including the roles and responsibilities of those involved.

### SCOPE

This Policy applies specifically to formal complaints received by MSA or an MMO,(who are bound by this policy in terms of their MMO membership agreement) and requires compliance from all staff (employees and volunteers), trustees and advisors.

The Policy is intended to provide a useful framework for the common-sense resolution of complaints received from members of the public or clients of an MMO.

### OBJECTIVES

Applying this Policy will ensure that:

- Staff, trustees and advisors understand their obligations and responsibilities relating to the proper management of complaints; and
- Complainants will understand and appreciate that we take complaints seriously and have a principled and respectful approach to dealing with complaints.

## PRINCIPLES

The following principles are core to how we handle complaints. We will:

- Treat complaints with priority, give a timely response and communicate in a way that is easy to understand;  
Be fair and act with integrity; take a genuine, fresh look at the issues raised; and not be defensive and ensure that the issues raised are assessed on their own merits;
- Learn from complaints and use this knowledge to improve how we do things; acknowledge our mistakes and put them right if we can
- Educate our staff to apply the policy, processes and procedures for complaints resolution and manage complaints in accordance with the defined and agreed processes and procedures;
